

TRIAGE QUESTIONNAIRE GUARDIANSHIP

Elkhart County Unified Family Court

Name of Person Filing	Case Type

This form is designed to assist in the seeking of guardianship over an adult or child. For adults who need care, guardianship is the correct form of action. However, in cases where a child is the person needing care, a decision will need to be made to determine if it is more appropriate to seek guardianship or if a petition should be filed seeking custody of the child under IC 31-17-2-3 (2). This form will help determine which action is more appropriate.

Guardianship vs Petition for Custody for a Child

Now that you have completed this form, review these notes to help determine if a Petition for Custody should be filed rather than a Guardianship for a child:

- *If the child has no property and no money is due or coming to the child, then a custody petition under IC 31-17-2-3(2) is more appropriate because it does not require the many technical and ongoing yearly requirements of guardianships. It is less expensive for the custodians and equally serves the needs of the child.*

- *If there is an existing Juvenile Paternity or Dissolution of Marriage case, then a petition or motion in that case per IC 31-17-2-3 (2) is appropriate. If there are no such cases, then a Petition for Custody may be filed as a new Miscellaneous Civil (MI) case.*
